

May 2024

Dear Parents/Carers of current Year 7 students

Re: Upcoming changes to the pastoral team in Year 7

Ms Amos (Deputy Head of Year 7) will be starting her maternity leave after the next school holiday. Mr Halpin, who is one of our science teachers, will be temporarily taking on her role from Monday 3 June 2024, and will follow the year group as their Deputy Head of Year when they move to Year 8. It's helpful that he will be able to get to know the year group before they make the move into another year group.

We wanted to give you advanced notice so that you are aware of the changes your child/ren will be experiencing. We communicated this more widely in our end of April newsletter, along with the usual news about staff comings and goings.

Your child/ren will continue to be well supported by Mr Freeman (Head of Year) and by the Learning Mentor linked to the year group, Ms Anderson, and their current tutors. There may be some changes of tutor from September, as temporary staff move on, but we will ensure that you are kept updated.

Do feel able to contact Mr Freeman if you have any questions.

Regards

Mr Planter
Headteacher
