St Mary Redcliffe and Temple School Sixth Form

Year 11 Into Year 12 Transition Task

Subject: Geography - Pearson / Edexcel exam board

SMRT Sixth Form takes students from a wide range of schools who have studied a variety of GCSE syllabuses. We want to ensure that everybody is equally able to access the content of the A Level and so the following tasks give you a chance to ensure you are fully prepared.

At A-Level in Geography we start with two topics that you will be familiar with, Globalisation and Tectonic Hazards but we do so in MUCH more detail, so you truly become experts.

To ensure you are ready to fully access the A Level Syllabus you should attempt the outlined tasks for the Globalisation and Tectonic units which are the first ones you dig into. These will support you will terminology that comes thick and fast.

The Globalisation and Tectonic task files are in the same Geography transition task section of our website as this document.

Feel free to Google search the answers but try where possible to complete the final column by either giving an example of putting the word in a contextual example.
